Opening the door to a greener future...

The decision to be “green” should not be taken lightly, so when Sandusky Lee revamped their Littlestown, Pennsylvania facility, it was decided to take a keen look towards the future. It became quite clear in order to not only sustain the company, but also the environment at large, the facility had to try and offset its carbon footprint and not be entirely reliant on the electrical grid. This decision has solidified Sandusky Lee’s dedication to be an industry leader and will prove to future generations what a company can environmentally achieve.

>> Chart House Energy and GeoSolar Energy Farm Inc. designed, procured, installed and commissioned this 400kW system (the wattage equivalency of powering 8,000 50-watt lightbulbs for one hour).

>> 100% of the solar system was built with U.S.A. owned and manufactured components, creating American jobs.

>> It makes use of under-utilized space, with no continuous draw from MetEd. Additionally, any power that is not used can be sold back to the grid for public consumption.

>> These panels function well in less than ideal solar conditions, providing power production in a wide variety of conditions including cloudy and rainy days, and even moonlight.

92 %

>> The power generated offsets 92% of the power used in the factory.

>> Assuming the average household uses 6,000 kWh/yr or the equivalent of 86 households of power, the carbon offset will be 12,682 Tons of CO₂ over the next 40 years.

HOW DOES IT WORK?

The 2,700+ solar panels (Photovoltaic Panels) create electrical current when exposed to sunlight, generating 518,000 kWh/yr or the equivalent of 86 homes. Over time, the rows of panels collectively achieve desired voltage and create as much power in a year as the facility uses. The generated electricity can then be used to power the facility or be sold back to the “grid” for general consumption.

Storage Cabinets with Keyless Electronic Handle

Heavy gauge welded steel construction, meets ANSI/BIFMA shelf standards. Four adjustable shelves on 2" centers, plus raised bottom shelf. Three sets of hinges on each door. The cabinets are equipped with a keyless electronic coded locking system. The coded lock is available with two passwords, the administrator and the user. These can be changed to any combination of numbers, four for the user and six for the administrative password. The keypad also keeps a record of the day, date and time of when the cabinet is accessed, which can be displayed when the mechanism is idle. Emergency key included. Powder coat paint finish.

Tablet Security Cart

Easy to assemble design. Laminate construction with steel shelves and dividers in a platinum powder coat finish. Stores, secures and transports up to 24 tablets/netbooks (when storing 2 per divided slot). Locking tambour door with 2 keys can be easily opened and closed to access tablets. The space saving tambour door lifts into the cart and doesn't open into work area. Port hole in back panel allows power cords to be plugged in while the cabinet is locked (power strips are not included). Top shelf includes 11 removable dividers (additional dividers available but not required). Bottom tray-style shelf for storing power strips, books, etc. Tray can be reversed to create a shelf to install additional dividers to hold more tablets/netbooks if needed. 4 swivel casters for easy turning and smooth cornering, with 2 locking brakes to prevent rolling when cart is stationary. Ideal for classrooms and training facilities.

LAPTOP SECURITY / AV STORAGE

A. Wall-Mount Laptop Safe/Security Cabinet

Powder coated charcoal color in stock. Custom colors available upon request. 20 gauge welded steel construction. Fits most laptops that are 17" or smaller. The platform where the laptop sits is 12¼"H x 17¼"W and comes with a cushioned pad. When the door is down the length from the back of the cabinet to the top of the door (platform) is 18¾". Electronic keypad lock run by 4-AA batteries. No need for keys. Has administrative password and user password. Both can be changed. Keypad has two backup emergency means. The first is an external power source. If the battery fails, it plugs into the keypad. The second is a key, if the code is forgotten. This is located under the handle plate. The platform has adjustable elastic straps to hold the laptop securely in place when closed. The left and right sides of the unit each have a grommet 1½" in diameter for power cords to allow for charging when the laptop is secured. Cell phone and camera storage holders included. Features side vent holes for ventilation. Space in bottom for a power strip. Shipped UPS. Shipping weight is 20lbs.

FLAT FILE / HANGING FILES

A

B

C

5- and 10-Drawer Flat File

Steel flat file is ideal for both work-in-progress and archival storage. The 5-drawer and 10-drawer models provide a reliable place to store flat all your valuable documents and graphics. All flat files are modular — they can be used individually or in a space-saving stack. If your filing needs grow, simply add another flat file cabinet. Museum/archival quality paint finish ensures that there is no out-gassing and that the atmosphere in the flat files has no acidity or alkalinity (pH) created by the finish. 5-Drawer Flat Files: Versatile file stores up to 500 sheets per unit active filing, 750 sheets of semi-active or 1,000 sheets of inactive material. Five large capacity 1 7/8" deep drawers in the three cabinet sizes. 10-Drawer Flat Files: Ideal for high traffic project storage areas. Ten 1 1/8" deep drawers allow the easy retrieval or materials can be stacked with 5-drawer flat file cabinets for customized high volume storage.

STEEL SHELVING

Treadplate Welded Rack

Four wire shelves provide ample storage. Shelves adjust in 3" increments to fit any storage needs. NSF certified. Heavy-duty steel construction for durability. Treadplate embossed beam design.

TP722472W4	77"W X 24"D X 72"H	2000 LB. SHELF CAPACITY
TP722472W3	77"W X 24"D X 72"H	2000 LB. SHELF CAPACITY

PALLET RACK COMPONENTS

Load capacity based on evenly distributed loads.

C. Upright Frames

Heavy-duty 13 gauge welded roll formed steel construction. Features teardrop punch pattern every 2" for flexible beam adjustability. Horizontal and diagonal braces create a strong, stable system. Welded pre-punched footplates for easy anchoring. Durable powder coat finish in green.

RF207	42"D X 96"H	19,300 LB. LOAD CAPACITY
RF209	42"D X 120"H	19,300 LB. LOAD CAPACITY
RF211	42"D X 144"H	19,300 LB. LOAD CAPACITY

D. Beams

Heavy-duty 16 gauge roll formed welded steel. 1½" high step to accommodate cross bars and decking. Interlock stud and keyhole connection automatically locks into columns. Piston lock secures beam into place. No tools for installation. Durable finish in orange.

RB214	96"W X 2¾"H	4,120 LB. LOAD CAPACITY PER BEAM PAIR
RB215	108"W X 2¾"H	4,046 LB. LOAD CAPACITY PER BEAM PAIR
RB232	120"W X 2¾"H	4,368 LB. LOAD CAPACITY PER BEAM PAIR

E. Wire Decking

Heavy duty 5-gauge wire mesh allows visibility, air and sprinkler penetration for enhanced fire safety. Easy to install, the waterfall style decking wraps over the beam to provide a secure brace, eliminating movement between deck and beam. Includes three support channels. Powder coat finish.

RWD4246	46"W X 42"D	2,500 LB. LOAD CAPACITY
RWD4252	52"W X 42"D	2,500 LB. LOAD CAPACITY
RWD4258	58"W X 42"D	2,500 LB. LOAD CAPACITY

F. Pallet Rack Support Crossbars

Installs between two beams to assist in supporting pallet loads. 16 gauge steel with pre-galvanized finish.

RA221	42"D X 2"H

STEEL SHELVING

Boltless Rivet Shelving

Industrial grade steel construction. Shelves hold up to 800 lbs. of evenly distributed loads and adjust in 1½" increments. Five durable particle board shelves. Easily assembles in minutes either vertically or horizontally. Gray powder coat finish.

CR3618	36"W X 18"D X 72"H	5 SHELF, PARTICLE BOARD
CR4824	48"W X 24"D X 72"H	5 SHELF, PARTICLE BOARD

Boltless Rivet Shelving

Industrial grade steel construction with Z-beam design for strength and rigidity. Holds up to 4,000 lbs total weight or 800 lbs on each individual shelf, based on evenly distributed loads. Five shelves with wire decking can be adjusted in 1½" increments for a customized storage space. Assembles in minutes with no nuts or bolts as a vertical shelving unit or horizontal as a workbench. Durable red powder coat finish.

UR184872-R	48"W X 18"D X 72"H	5 SHELVES
------------	--------------------	-----------

Boltless Rivet Shelving

Industrial grade steel construction with Z-beam design for strength and rigidity. Holds up to 4,800 lbs total weight, or 800 lbs per shelf, based on evenly distributed loads. The six shelves adjust every 1½" to create a customized storage space with ease. Laminate board shelves resist moisture and are easy to clean. Assembles in minutes without nuts or bolts as a vertical shelving unit or horizontal as a workbench. Silver enamel finish. Unit is NSF Certified.

ZR481884L6	48"W X 18"D X 84"H	6 SHELVES
------------	--------------------	-----------

Boltless Rivet Shelving

Industrial grade steel construction with Z-beam design for strength and rigidity. Holds up to 4,000 lbs total with its five fully adjustable shelves, or 800 lbs with each shelf, based on evenly distributed loads. The five shelves are fully adjustable every 1½" to create a customized storage space with ease. Laminate board shelves resist moisture and are easy to clean. Smooth post design conceals assembly. Assembles in minutes without nuts or bolts as a vertical shelving unit or horizontal as a workbench. Durable and attractive silver vein finish.

HONEYCOMB FRAMEPAK

HONEYCOMB DELUXE PACK

Entire cabinet is stretch wrapped in heavy gauge, blown construction poly.

Sandusky Cabinets, Lee Metal and Atlantic Metal have been major suppliers of Steel Storage Solutions for nearly 80 years.

Our recently combined companies provide a more diverse and broader product line focused on the office, commercial, industrial and educational markets. Our three strategically located shipping locations (California, Tennessee and Pennsylvania) deliver the lowest logistics costs and fastest delivery times in the industry while ensuring that your product is handled a minimal number of times in transit.

» We look forward to working with you and the opportunity to supply your storage needs.
